#### Google EDLA-Certified: Elevate Your Experience with Seamless Connectivity

The IFPD features Google EDLA-certified Android 14, ensuring a secure and efficient operating system tailored for educational and professional use. This certification guarantees compatibility, device management, and security, allowing access to a vast array of applications from the Google Play Store. With its intuitive interface and advanced features, users can enhance productivity and collaboration seamlessly.

#### **Empower Collaboration with Android 14**

The IFPD operates on Android 14.0, offering a user-friendly interface and enhanced performance for seamless interaction. This latest version provides robust security features, improved multitasking capabilities, and access to a wide range of apps, empowering users to optimize their workflow and boost productivity in any environment.

### **KEY FEATURES**

#### **CPU: Core Cortex-A73x4**

The ARM Cortex-A73 quad-core processor delivers high-performance computing with efficient power consumption. Ideal for interactive displays, it ensures smooth multitasking, responsive touch inputs, and fast data processing for an enhanced user experience.

#### **Built-in TF Card Slot**

The built-in TF card slot supports expandable storage up to 256GB/512GB, providing ample space for storing presentations, videos, and important files. This flexibility enhances the device's storage capacity, making it ideal for high-volume content management.

#### **Built-in Speakers**

The built-in front-facing 2x16W (Typ) speakers deliver clear and powerful audio, enhancing presentations and multimedia content with rich sound quality. Perfect for meeting rooms and classrooms, they ensure an immersive audio experience without the need for external speakers.

#### **Multi-touch Points**

The interactive display supports up to 40 touch points and 20 writing points simultaneously, allowing multiple users to collaborate seamlessly. This high-touch capability enhances group interactivity, making it ideal for classrooms, meetings, and creative sessions.

#### **Dual Views, Double Productivity**

The split-screen mode enhances discussion efficiency by allowing users to work with two applications side-by-side. You can whiteboard on one side while referencing other resources on the opposite side, streamlining collaboration and multitasking.

#### Wireless Sharing, Limitless Collaboration: Sync, Share, and Collaborate Across 9 Screens Effortlessly

The IFPD's built-in wireless sharing application allows seamless content sharing across up to 9 screens simultaneously, regardless of the operating system. Teams can easily share media, photos, documents, and even live camera feeds, enhancing real-time collaboration. Users can also sync their desktop for full-screen mirroring, making presentations and group work more efficient and dynamic. This cross-platform compatibility ensures smooth interactions between different devices without the need for additional cables or adapters.

LOGIC

#### **4K Ultra-Clear Visuals and Precision**

The IFPD supports a stunning 3840x2160 resolution with a 4K UI and 4K annotation, delivering ultra-clear visuals and precise detailing. This high-definition display ensures exceptional clarity for presentations, annotations, and multimedia, enhancing both productivity and engagement.

#### Note Pro: Revolutionizing Ideas with Digital Innovation

The built-in Note Pro application revolutionizes collaboration, creativity, and productivity by blending the ease of a traditional whiteboard with advanced digital tools. This dynamic platform enhances ideation, planning, and communication for a seamless user experience.

# Note Pro:

#### **Advanced Search**

Seamlessly explore images and videos with powerful search capabilities.

#### **Versatile Content Import**

Effortlessly import files such as PPT, PDF, audio, video, notebooks, and flipcharts to enhance learning sessions.

**Regional Language Compatibility** 

#### **Effortless Note-Taking**

Easily capture and share notes through QR codes in both image and PDF formats, simplifying the process for students and educators alike.

#### **Subject-Specific Simulation Tools**

Utilize tools designed for various subjects to enrich interactive teaching experiences.

**On-Board Geometric Tools** 

#### Text-to-Speech Integration

Support for multiple regional

languages, ensuring inclusivity

and accessibility.

Enable on-board text-to-speech functionality to cater to diverse learning needs.

#### **Translate Feature**

Instantly translate content into multiple languages, making learning accessible to a diverse audience.

#### **Gamified Quizzes Creation**

Access a variety of built-in

geometric tools directly on

the board for precise shapes,

measurements, and diagrams.

Design engaging quizzes with the activity tool to create interactive and fun learning experiences.

**Cloud Storage** 

Convenient cloud storage options for saving and accessing resources anytime, anywhere.

#### **Built-in 2D & 3D Shapes**

Includes pre-built 2D and 3D shape libraries for dynamic content creation.

#### **NCERT e-Book Integration**

Direct access to built-in NCERT e-books for seamless curriculum alignment.

#### **GeoGebra Mathematics Tool**

Integrated dynamic mathematics tool for advanced mathematical learning and visualization.

#### 150+ Additional Features

Explore a comprehensive suite of tools to enhance teaching and learning experiences.

## LOGIC

#### Device Management System

The web-based software provides advantageous solutions to handle your interactive flat panels. You can enjoy multiple management functions which include real-time monitoring, panel grouping, brightness & volume control, flashing the notification & multimedia messages in one go and many more functions.

#### Impressive Data Insights & Analytics

View the operations information for each device in a straightforward interface. Using a web-based DMS application you can collect statistics for useful insights or to inspect panels for errors.

#### Unified Control, Instant Notifications

Manage all applications effortlessly from a single interface with absolute control. Enable, disable, install, and update apps across multiple panels simultaneously with quick remote access. Instantly share important notifications without interrupting ongoing classes, ensuring smooth and uninterrupted learning.
