

LOGIC[®] WORKSPACES

Redefining the workspace collaboration

PRODUCT BROCHURE

ABOUT LOGIC WORKSPACES

In today's dynamic corporate environment, workspaces need to be more than just places to meet, they need to connect people, content, and technology seamlessly. Logic Workspaces is our integrated suite of solutions designed to transform offices into collaboration-first environments. At the heart of Logic Workspaces is Logic Visionhub - the central collaboration hub that brings together displays, video conferencing, and AV frames into one cohesive platform. By simplifying connectivity and enhancing interactivity, Visionhub ensures that every meeting, presentation, or brainstorming session feels effective, and engaging.

Whether it's a boardroom, huddle space, or experience center, Logic Workspaces is built to deliver:

- Seamless Collaboration enabling teams to connect and share without technical barriers.
- Designed to integrate with modern AV ecosystems and scale with workplace needs.
- Unified Experience with one hub that harmonizes hardware, software, and user interaction.

With Logic Workspaces, we are not just providing AV systems, we are redefining how people work together in modern workplaces.

Join us as we shape the future of visual communication!
